Broken loyalty, broken body

by MiaQc

Summary

King Hubert and Queen Jade are tyrants. Despite their wickedness, they are loyal to each other. At least, that's what the queen believed. When she discovers that her husband is having fun with a servant girl, she punishes him in a way that the king will never forget.

- A translation of Loyauté brisée, corps brisé by MiaQc

Tyrants, black nobility, dream destroyers. These are some of the nicknames whispered in the great fear of King Hubert and Queen Jade. Despite their recognized wickedness, they are loyal to each other. In public at least. The queen has never shared her bed with anyone other than her king. However, Lord Hubert does not want this restriction.

Every time his wife felt ill and wanted to sleep alone, the king took the opportunity to fuck a maid. Always the same one. He didn't expect his queen to discover his secret. Unfortunately for him, another maid told the queen.

Jade orders guards loyal to her to lock King Hubert in the dungeon. The queen also orders the death of the servant who slept with her king. The woman doesn't say a word before her head is cut off with an axe.

"This is ridiculous!" Hubert said as a guard chained him to the wall. "I am your sovereign!"

"I'm sorry, Your Highness, but I fear the queen more than I fear you."

"Jade? She's much less cruel than I am. You'll see. She'll set me free and I'll order your stinger to be cut off!"

The guard laughs and leaves the king alone in his cell. He doesn't know how long he has been waiting, but he smiles when he sees his queen arrive.

"My Jade, there you are! Why are you naked?"

"My dear Hubert. I have always been faithful to you even if sometimes my love for you was extinguished. Now, what did I discover? That you were cheating on me with this woman."

"Come now, my queen, you can still execute her! You will always be my beloved."

"It's already done and you won't get off so easily. You are mine, Hubert!"

The queen orders a guard to enter the cell.

"Since you have broken your loyalty, I will order this guard to cripple your body. You will never leave this cell. Your body will be mine,

mine alone!”

The king was about to tell his queen that she was crazy when Her Highness ordered the guard to cut out his tongue.

“That way, you won't lick anyone's nipples!”

The guard obeys. Hubert screams and begins to spit blood as his tongue falls to the floor. Queen Jade laughs. She undresses her husband and orders the guard to cut off both his hands.

“So you won't caress anyone!”

The guard cuts off the sovereign's hands with a sword. While the king screams in agony, losing a lot of blood, Jade touches his stinger. She hardens it with her fingers and tongue. After she makes Hubert come, the queen laughs again.

“Together forever, my king.”
